GEPL MONTHLY BUZZ | JANUARY 2026

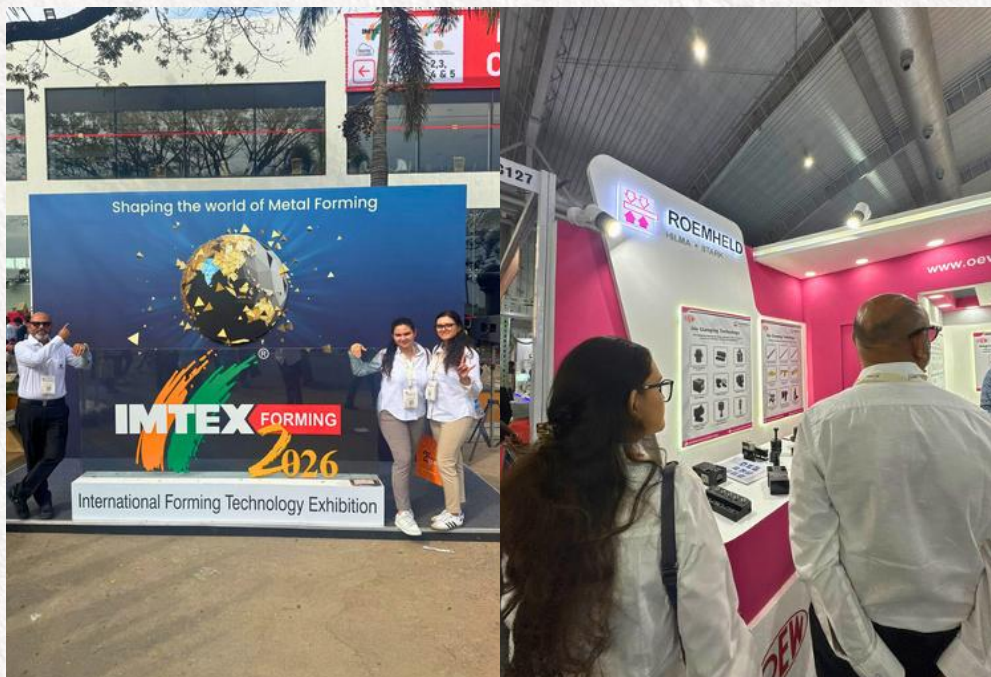

BIG THINGS ARE HAPPENING UNDER THIS ROOF!

Our new manufacturing facility is officially taking shape. From the ground up, we are building a space dedicated to innovation, efficiency, and the future of **Green Electricals**. Our exclusive facility dedicated to manufacturing **Electrical Panels & Epoxy Insulators** is expected to be finished by March 2026. We can't wait to show you what's coming next!

SWING FOR SUCCESS!

Green Electricals was proud to be the Associate Sponsor for the **RCBC Golf Tournament 2026**, organized by the Rotary Club Baroda Cosmopolitan on **January 26th**. Set in Vadodara, this event wasn't just about golf-it was about community, networking, and supporting a noble cause. It was a day of precision, sportsmanship, and "Green" spirit on the greens!

SHAPING THE WORLD OF METAL FORMING: IMTEX 2026

Our leadership team recently visited **IMTEX FORMING 2026** at the **BIEC, Bengaluru**. As Asia's premier exhibition for metal forming, it was the perfect hub to explore: (Cutting-edge robotics and automation.) (Innovations in hydraulic and pneumatic systems.) (The latest trends in Industry 4.0. By staying at the forefront of manufacturing technology, Green Electricals ensures that our clients always receive the most efficient and technologically advanced products in the market.)
