GEPL MONTHLY BUZZ | MARCH 2026

WOMEN'S DAY CELEBRATION

We recently commemorated International Women's Day, we celebrate with delightful food & entertaining games, it was a celebration of the **talent and commitment** that the women in our team contribute every single day.

NAVCHANDI YAGNA AT JAROD

At **Green Electricals Pvt. Ltd.**, we believe that true success is a blend of hard work and divine grace. To mark the successful conclusion of FY 2025-26, we organized a grand Navchandi Yagna at our Jarod Manufacturing Facility.

The air at Jarod was filled with sacred chants and positive energy as we performed the Havan to invoke the blessings of Goddess Durga. This ritual was our way of expressing gratitude for a year of safety, productivity, and growth, while seeking protection and prosperity for the year ahead. It was heartening to see the entire Green Electricals family come together—from our shop floor teams to our leadership—to offer prayers for the collective well-being of our stakeholders and partners.

THE YEAR-END WRAP-UP

POWERING PROGRESS: REFLECTING ON FY 2025-26

As the curtains draw on another financial year, we look back at Green Electricals Pvt. Ltd. with immense pride. This year has been defined by more than just numbers; it has been defined by the resilience of our supply chain, the expansion of our product portfolio, and the unwavering trust of our stakeholders.

Through every industrial project and every retail partnership, your support has been our steady current. We are closing this year not just with a strong balance sheet, but with a stronger community.
